

FX-BB110 Battery Backup

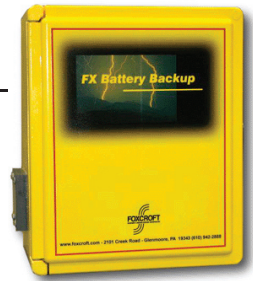

*Power Failure? No Problem!
We Keep Your Equipment Operating.*

The Foxcroft FX Guardian Battery Backup is truly reliable and unique. Using the same capabilities as a computer grade battery backup it offers the best kind of protection for your equipment.

In the event of a power outage this battery backup will keep your gas detectors, chlorine analyzers, chart recorders, and other equipment on line. A battery backup is suggested anywhere where AC power is not constant.

PRODUCT FEATURES

- **Minimum 8 Hours of Backup** *(Depending on Load)*
- **Handles up to 5 Detectors**
- **Line Noise Protection**
- **Surge Protection**
- **Protects Against Blackouts and Brownouts**
- **Battery Life 5 Years**
- **Warranty**

**FX-BB 110
Battery Backup**

SPECIFICATIONS

UPS Type	Standby UPS provides protects connected equipment from blackouts, brownouts, surges and line noise.
Input/ Output	120 VAC
Input/ Output Frequency	60 Hz.
Output Watts	175 watts
Output VA	300VA
On-line Waveform	Pure Sine
On-battery Waveform	PWM Sinusoidal
Voltage Regulation	Output voltage in battery mode is regulated to 120 volts +/- 5%
Full Load Runtime (min.)	10
1/2 Load Runtime (min.)	28
Recharge Rate to 90% (hrs)	2-4
Transfer Time (milliseconds)	2-4
Suppression Joule Rating	1050 joule AC
Maximum Surge Current (amps)	27,000
Suppression Response Time	Less than 1 nanosecond
EMI/ RFI Noise Reduction	Greater than 40dB @ 1 MHz
Low Volt Switch To Battery	99 Volts factory preset
Warranty	2 years
Controls, Indicators and Features	Power switch, AC presents, "on" battery LED's
Weight	12 pounds (approx.)
Dimensions	11" high x 9" wide x 6" deep
